“Volunteers are the only humans beings on the face of the earth who reflect this nation’s Compassion, Unselfish caring, Patience, and just Love for one or another,” by Erma Bombeck. Why should people get involved in our community? Being involved in the community makes it a better place to live. There are a lot of ways people can be involved. People should help our community by helping people in Mesa. They can volunteer in many ways. People can donate money to charities to help our community.

Here are some reasons you could help our community by volunteering. First, you can donate blood to those who have lost blood in an accident or surgery. Second, you can donate clothes to Goodwill and you can donate cans of food to food drives. Third, you could adopt stray animals so it will make the city be safer. Stray animals would have homes and not be there to bite anyone. Finally, volunteering at schools make a school better. If nobody volunteered, Mesa wouldn’t be a good city.

The adults should go to schools and pick up litter. Then Mesa schools will be better schools than others. Volunteering at school fundraisers helps so schools can make more money for our community. Adults could sell old movies and books they have seen or read before to kids who would read the book or see that movie and donate the money to the community. People could clean up parks and litter around stores which would make Mesa look nicer. People who live in Mesa can recycle all the papers they don’t even need! The main reasons are reduce, reuse, and recycle.

Here are some other way you can be involved in our community. You could go to nursing homes and help the elderly by making them food, helping them to their bedroom, and read them a book. Everybody lives in our community, so if everybody gets involved it makes it a better place to live.

All the things in our community help our city become a better place to live, so go out and be involved in Mesa.
